Applying the Bible to Life

- Our understanding of the value of redemption can be hindered by our struggle to see ourselves as having been enslaved to sin. Look at the world around you. Can you see any evidence of that slavery in the lives of unbelievers?

- You have been freed from slavery to sin, but not yet from the presence of sin. How can an understanding of redemption (and your freedom) help you say no to temptation?

- How can thinking about your redemption help to motivate and deepen your worship of the Lord? Do you have any favorite songs that highlight what God did to save you?
