Applying the Bible to Life

- Difficult times can become times to learn, even though we didn't choose to "enroll" in that "school." Moses didn't enroll, but he found himself there by God's will, and God wanted him to learn something during that season of life.
 - Have you ever found yourself in a difficult season of life? List those times:
 - Did God teach you anything during that season? What was it?
 - Do you think it's possible that people might shut their ears to what God is teaching during those times? Why is that?
- Is your life today, living through this pandemic, a very challenging season for you?
 - Do you think God plans to teach you something during this pandemic?
 - What have you learned about servanthood, humility, and patience, even in times like these?
 - Are you paying attention to God's lessons? When this pandemic is all over, do you expect that you'll be more equipped to serve and honor the Lord as a result of all you learned?
